***Allowable Subject Matter***

4. Claims 2-12, 19-30, 47-64 are allowed over prior art of record.

***Reasons for Allowance***

5. The following is an examiner's statement of reasons for allowance:

After further search and consideration of the amendment filed on March 16, 2007, it is determined that the prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "forming a gate insulating film over the recrystallized semiconductor film after the recrystallizing step; and forming an impurity region in the recrystallized semiconductor film after forming the gate insulating film," as recited in claims 2-12, 19, 20, 47, 48, and 59 respectively.

Claims 13-17, 21-30, 49-58, and 60-64 are also allowed as being directly or indirectly dependent of the allowed independent base claim.

***Conclusion***

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
